

Industrial Design Internship

Munich – six months

You will work on actual projects, under the mentorship of senior Pilotfish designers. You will experience the life of a designer and be involved in client projects, being given responsibility for particular segments of the work for both renowned companies and.

We will welcome you in our international, multicultural and multidisciplinary team, constantly shaping both yours and our future towards the greatest it can be.

You will be

An intern in our Munich office directly involved in:

- Brainstorms and concept generation phases with industrial designers
- User research and screening
- Client presentations

You are

A talented and creative young designer, with an eye for details and a great ability to work in a multi-cultural English speaking environment, ready to surprise us with your fresh ideas.

You have

- Very good sketching skills
- Ideally, you also have knowledge of Rhino, Photoshop, and 3D Studio Max
- No fear of a table tennis or table soccer challenge.

We are excited to receive your application!

Please fill in the application form available on our website and send it together with your letter of motivation and digital portfolio (PDF or URL) to jobs@pilotfish.eu.

Please note that due to the high number of applications coming our way, we are unfortunately unable to always provide a written reply. However, you can always call us at (+49) 89 12021890 and we will provide an update on your application.
