

Industrial Designer

Taipei

Your work will explore a wide range of design fields and you will be applying your knowledge and skills to a rich portfolio of projects, addressing diverse clients, composed of both renowned companies such as Samsung, Kia, Bosch, as well as some of the most promising start-ups. We will welcome you in our international, multicultural and multidisciplinary team, constantly shaping both yours and our future towards the greatest it can be.

You will be

An Industrial Designer in our Taipei office, directly involved in:

- Concept Sketches, PPT presentations, renderings, colour proposals, graphical works
- Pre-CAID work in Rhino for ID definition
- Project & Concept & ID results presentation to our clients
- Assisting in sales action when required, by calling and/or visiting prospects
- Using your creative ability to: inform sales about new opportunities, up-sell, introduce new clients, find new business areas

You are

An enthusiastic and motivated person, with a hands-on working attitude and a professional conduct and behaviour, as well as a fluent English speaker, with at least 3 to 5 years' experience in Industrial Design, able to work in a multi-cultural, highly independent environment.

You have

- Strong sketching ability
- 3 to 5 years of experience in 3C and medical product design
- Good sense of form and design detailing
- Excellent 3D modelling skills
- 2D Photoshop rendering.

We are excited to receive your application!

Please fill in the application form and send it together with your motivation letter and digital portfolio (PDF or URL) to jobs.tw@pilotfish.eu. Please submit your application and resume in English.

Please note that due to the high number of applications coming our way, we are unfortunately unable to always provide a written reply. However, you can always call us at (+886) 2 2659 1226 and we will provide an update on your application
